Julia Degnan

Senior Technical Writer | Developer Documentation | APIs, SDKs & Docs-as-Code | Cloud & DevOps

281-253-4510 julialdegnan@yahoo.com Houston, Texas

PROFESSIONAL SUMMARY

Senior Developer Documentation Specialist & Architect with 20+ years of experience creating API, cloud, SaaS, and enterprise documentation, including knowledge base (KB) content. Expert in docs-as-code (Markdown, Git, Jira) and CI/CD-integrated workflows, partnering with engineering, product, DevOps, and support teams to deliver clear, scalable, developer-focused content.

EXPERIENCE

Lead Technical Writer

Insight Global (HP, Sony, & Ascension) 03/2023 - Present Houston, TX

- Developed and maintained KB articles and documentation for PlayStation services, developer tools, and support workflows.
- Documented HR, benefits, and revenue cycle processes across enterprise systems, ensuring compliance with regulatory, privacy, and HIPAA standards.

Senior Technical Writer

US Tech Solutions (Amazon) 01/2022 - 03/2023 San Francisco, CA

- Documented distributed systems, AWS-based microservices, and CI/CD workflows supporting large-scale, cloud-native service integrations.
- Documented Amazon cloud services, APIs, and internal systems, including CloudWatch monitoring, logging, and alerts.

Senior Technical Writer

Moofwd (Mastercard) 06/2021 - 03/2022 Monmouth Junc., NJ

- Translated complex financial, security, and compliance requirements into clear documentation for technical and non-technical audiences.
- Documented secure payment workflows, fraud prevention systems, and data security controls.

Lead API Technical Writer

PayQuicker 06/2019 - 06/2021 Rochester, NY

- Led API documentation strategy for a global payments platform, collaborating with engineering, product, and compliance teams.
- Established documentation standards and governance in a docs-as-code environment, ensuring consistency across payment workflows and integrations.

Senior API Writer

Flatiron Health 02/2019 - 11/2019 Flatiron, NY

- Documented HL7 FHIR-based data models, endpoints, and workflows supporting clinical data exchange and research platforms.
- Ensured accuracy and consistency of documentation aligned with healthcare interoperability standards and regulated data environments.

Senior Technical Writer

Aditi Consulting (Microsoft, Salesforce) 05/2018 - 02/2019 Redmond, WA

- Developed infrastructure and integration documentation for DevOps, Microsoft, and Salesforce teams, supporting reliable releases.
- Built reusable templates and macros that standardized documentation workflows and took repetitive work from developers.

TECHNICAL FOUNDATIONS

Core Engineering

- APIs, REST, OpenAPI/Swagger, SDKs, JSON, XML, YAML
- CI/CD, DevOps, cloud platforms, system integrations

Tools & Collaboration

- Markdown, Git, GitHub, Jira, Confluence, ServiceNow

AI & Analytics

- GitHub Copilot, Cursor, Claude Code, ChatGPT, Tableau

AREAS OF EXPERTISE

- **Developer Documentation & APIs**: REST APIs, OpenAPI/Swagger, SDK documentation, Postman, JSON, XML, YAML, HL7 FHIR
- **Docs-as-Code & Version Control**: Markdown, Git, GitHub, Jira, CI/CD, GitHub Actions, Azure DevOps, Jenkins
- **Cloud, DevOps & Automation**: Docker, Kubernetes, Terraform, CloudFormation, Infrastructure as Code, AWS, Azure, PowerShell, Python-based workflows
- **Content Architecture & Structured Authoring**: IXIASOFT DITA CMS, MadCap Flare, DITA XML, oXygen XML Editor, DocBook, Paligo, Adobe FrameMaker, Confluence, SharePoint, LMS platforms
- **Technical Diagrams & Visualization**: Visio, Lucidchart, Draw.io, Miro, Sequence diagrams, Architecture diagrams
- **Documentation Operations & Governance**: Content lifecycle management, workflow review, knowledge base management, taxonomy, metadata
- **Observability & Performance Tools**: AWS CloudWatch, Azure Monitor, Datadog, Splunk, Grafana, JMeter
- **Enterprise Platforms & Identity**: ServiceNow, Salesforce, Dynamics 365, SAP, Oracle, Okta, Ping Identity, Azure Active Directory, Auth0, IAM/SSO
- **AI & Developer Productivity Tools:** GitHub Copilot, Cursor, Claude Code, ChatGPT, LLM-assisted documentation workflows, prompt engineering, AI content optimization

EXPERIENCE

Technical Writer

Tranzeal Incorporated (ServiceNow) 05/2017 - 05/2018 San Jose, CA

- Documented service management processes including incident, problem, change, and asset management workflows.
- Produced developer-focused content for platform configuration, scripting, and workflow automation use cases.

Lead Technical Writer

CollabNet (Cloud Automation Solutions) 04/2016 - 05/2017 Austin, Tx

- Developed API and integration documentation supporting enterprise tooling and third-party system connectivity.
- Ensured accurate, compliant documentation in a secure global financial environment using Agile and version-controlled workflows.

Staff Technical Writer

Prosource (BP) 10/2013 - 04/2016 Houston, TX

- Developed technical documentation for oil and gas and enterprise systems, including SOPs, process workflows, and knowledge articles.
- Partnered with engineers, IT, and business teams to translate technical requirements into clear, standardized documentation.

Lead Technical Writer and Editor

Cisco 06/2007 - 07/2013 San Jose, CA

- Created and maintained documentation for Tidal Enterprise Scheduler job scheduling, workload automation, and batch processing workflows.
- Standardized terminology, templates, and workflow documentation across scheduling environments.

Technical Writer

Oasis Silicon Systems 02/2005 - 01/2007 Austin, TX

- Developed and maintained technical documentation including system specifications, CMDB artifacts, test plans, SOPs, and user manuals.
- Ensured compliance with organizational standards, industry best practices, and regulatory guidelines (DHS 4300A, NIST 800-53, RMF).

Principal Technical Writer

JR&R Consulting, LLC 2010 - Present Houston, United States

- Built governance frameworks and change processes that strengthened audit readiness and document lifecycle tracking.
- Authored API docs for Schlumberger Avocet, Shutterfly, and Gimmal ERP-Link using Confluence, Jira, and OpenAPI.
- Created end-user guides and workflow references for Thermo Fisher HoloLens/Sample Manager Oasis to support IC team onboarding.
- Led documentation for 3dfx Voodoo Graphics cards, covering architecture, drivers, and performance tuning.
- Authored integration docs for Oracle and other enterprise platforms to support cross-system implementations.

CERTIFICATIONS

- Society for Technical Communication (STC)
- Certified Professional Technical Communicator (CPTC)
- Microsoft Certified Systems Engineer (MCSE)
- Microsoft Office User Specialist (MOUS)
- Foundations of AI and Machine Learning
- Machine Learning Algorithms and Techniques
- Adobe Professional Content Creator
